

## **Community Relations**

### **A. Access and Use of Property and Facilities**

#### **1115<sup>1</sup> Pets and Animals on Campus**

No live animal, bird or fowl, whether or not on leash or in cage, shall be allowed in any room or area where food or beverage is prepared, stored, kept or served.

No owner or keeper of a dog shall allow or permit such dog, whether licensed or unlicensed, on the college campuses, unless it is securely restricted by a substantial leash not to exceed six feet in length. The dog shall be in the charge of and under the control of a person competent to keep it under effective charge and control.

Any dogs on the campuses in violation of this regulation may be impounded by the college for ultimate transfer to the Alameda County Animal Service.

At no time shall dogs be permitted to enter any of the buildings on the campuses. It is expected that students bringing dogs on campus in compliance with the above stated leash law as promulgated by ordinance of the City of Hayward and the city of Livermore will provide for adequate care and control for such dogs in order to avoid inhumane conditions or treatment while students are attending classes.

Horses, ponies, mules and donkeys are prohibited on the campuses at any time unless special circumstances warrant, in which case clearance must be obtained in advance from the business manager.

Guide dogs and companion dogs specific for persons with disabilities are exempt from the restrictions of this policy.
