C. Access and Use of District Property

2312 Land Use Development

In order to facilitate proper and responsible use of computers, the Chancellor shall establish rules and regulations for all users of District computing facilities. All users must comply with these rules and regulations; violations may result in revocation of system access privileges and may have additional consequences including termination or expulsion.

It is the policy of the Board of Trustees to take an active interest in the development of the areas surrounding the College campuses of the District. The Chancellor shall keep the board advised as to planning and zoning developments and shall be expected to report to the Board any land use development which, in his or her opinion, may be potentially detrimental to the college(s).
