5211 Academic Grade Point Average

The Academic Grade Point Average is an index of the quality of a student's work.

To enable the calculation of grade point average, eligibility for honors and recognition, and other scholastic status, letter grades are converted to numerical form using the following grade point equivalents:

Grade	Meaning	Grade Value
A	Excellent	4 grade points per unit
B	Above Average	3 grade points per unit
C	Average	2 grade points per unit
D	Barely Passing	1 grade point per unit
F	Failure	0 grade points – units attempted with no units earned
CR	Credit	0 grade points - units earned with no units attempted
NC	No Credit	0 grade points - no units earned and no units attempted
I	Incomplete	0 grade points - no units earned and no units attempted
IP	In Progress	0 grade points

The grade point average (G.P.A.) is calculated by dividing total grade points by total units attempted:

$$\text{G.P.A.} = \frac{\text{Total Grade Points}}{\text{Total Units Attempted}}$$
