FACILITIES PLANNING & MANAGEMENT DEPARTMENT

Uniform Public Construction Cost Accounting Act

Establishing the Annual List of Contractors:

1. The District will mail a written notice to all designated construction trade journals (see List of Construction Trade Journals), inviting all licensed contractors to submit the name of their firm for inclusion on the District's list of qualified bidders for the following calendar year.
2. The Notice shall require that the contractor provide the name and address to which a Notice to Contractors or Proposal should be mailed, a phone number and fax number at which the contractor may be reached, the type of work which the contractor is interested and currently licensed to do, together with the class of the contractor's license(s) held and contractor license number(s).
3. The District will create a new contractor's list starting January 1st of each year. The District may include any contractor names it so desires on the list, but must include, at a minimum, all contractors who have properly provided the District with the information required.
4. A contractor may have her/his firm added to the District's contractors list at any time by providing the required information.

****California Code of Regulations: Division 8, Title 16, Article 3. Classification**

C61 – Limited Specialty:

(a) Limited specialty is a specialty contractor classification limited to a field and scope of operations of specialty contracting for which an applicant is qualified other than any of the specialty contractor classifications listed and defined in this article.

(b) An applicant classified and licensed in the classification Limited Specialty shall confine activities as a contractor to that field or fields and scope of operations set forth in the application and accepted by the Registrar or to that permitted by Section 831.

(c) Upon issuance of a C-61 license, the Registrar shall endorse upon the face of the original license certificate the field and scope of operations in which the licensee has demonstrated qualifications.

(d) A specialty contractor, other than a C-61 contractor, may perform work within the field and scope of the operations of Classification C-61, provided the work is consistent with established usage and procedure in the construction industry and is related to the specialty contractor's classification.
