12. Is there a risk of receiving spam messages by enrolling in the program?
13. If I have additional questions, whom should I contact?

1. What Is AlertU?

Chabot College and Las Positas College has adopted the **AlertU** system, an emergency SMS (text) messaging alert platform designed to help communicate critical information to students, faculty, and staff's mobile devices instantly.

2. Why is this system needed?

Although not the only way Chabot College and Las Positas College will convey time-critical information to employees and students during emergencies, **AlertU** will speed information to subscribers wherever they may be. The new system augments the existing emergency notification process. As evidenced in the wake of the shootings on the Virginia Tech campus in 2007, time is of the essence during emergencies. **AlertU** messages will advise recipients of an incident on campus and provide instructions on the precautions they need to take.

3. How does it work?

When Chabot College and Las Positas College Campus Safety and Security becomes aware of a critical situation which has the potential of causing harm or imminent danger, vital information will be sent in a text message. The initial message may warn recipients of a critical incident and whether they should shelter in place or evacuate.

4. Who will send the messages?

Only authorized, assigned administrators will have access to this web-based notification system. They will send text messages to appropriate groups of employees depending on the incident's location and scope.

5. How will "emergency" be defined?

The **AlertU** system will only be used in emergency situations when students/faculty/staff are in danger and the district or college needs to communicate with them immediately.

6. Who will get the alerts?

You must be enrolled in the program to receive the emergency text messages. Recipients will include members of the Incident Command System, students, faculty, staff and anyone interested in receiving emergency messages from Chabot College and Las Positas College.

7. How do I enroll in the program?

We encourage Chabot College and Las Positas College students, faculty and staff to enroll, but anyone who has an interest in receiving emergency messages from Chabot College and Las Positas College can do so by entering their mobile number below and click on the Subscribe button. You can also sign up by texting "Chabot" for Chabot College to 253788 and "LPC" for Las Positas College" to 253788. When you receive the confirmation text message from **AlertU**, just reply to the message by typing "Y" and you'll be enrolled to receive emergency messages from Chabot College and Las Positas College.

8. Will this work on any cell phone?

Yes, **AlertU** is approved on all major U.S. carriers including **Alltel**, **Boost**, **Cellular One**, **AT&T**, **Dobson (now owned by Cellular One)**, **Nextel (now owned by Sprint)**, **Sprint**, **T-Mobile**, **Verizon**, and **Virgin**. As long as subscribers have a text messaging plan, they will be eligible to receive alerts. This excludes some pre-paid subscribers. To be sure, subscribers should check with their carriers to ensure that text messaging is active on their phones.

9. Who pays for the text messaging expenses?

Receiving text messages via **AlertU** is voluntary. Therefore, any text messaging expenses are the responsibility of the individual.

10. What is 2-way messaging?

Two-way alert messaging allows the subscribers to reply directly to the alert message they have received. This is useful when trying to obtain critical information within the emergency zone. The **AlertU** system permits 2-way messaging.

11. How are users enrolled in the system? Can I unsubscribe once I've enrolled?

Chabot College and Las Positas College students or individuals interested in receiving **AlertU** emergency message from Chabot College and Las Positas College can enroll by using the widget provided above or by texting "Chabot" for Chabot College to 253788 and "LPC" for Las Positas College" to 253788. You can unsubscribe by texting "stop" or "unsub" to the system, as required on all text messaging- based systems by mobile carriers.

12. Is there a risk of receiving spam messages by enrolling in the program?

Chabot College and Las Positas College has complete control of all messages sent to subscribers, as well as all the data provided by subscribers. That data will never be shared or sold by the college district or by **Waterfall Mobile**, the operator of the **AlertU** technology platform. Additionally, **Waterfall Mobile** exceeds the highest standards set by the **Mobile Marketing Association** and mobile carriers when it comes to safeguarding individuals from spam. All personal data is hosted in and encrypted format in highly secure data centers.

13. If I have additional questions, whom should I contact?

For more details, contact Frank Ramos, district manager of emergency preparedness and workplace safety, by email: framos@clpccd.org by phone at (925) 485-5512.
