

Las Positas College Media Advisory

Las Positas College Announces Virtual Computer Studies Symposium

(Livermore, CA) - Join Las Positas College (LPC) for an online information session and learn about educational opportunities in Computer Studies at LPC. Find out more about careers in Computer Science, Computer Networking, or Computer Information Systems, or how to expand your skill set to advance your career or transition to a new field.

Meet with LPC Faculty, staff and alumni for an overview of the programs offered, transfer pathways, and career opportunities in the field, including:

- Programs offered at LPC
- Computer Science, Networking, Security, Information Systems
- Degrees and Certificates
- Transferring to a four-year university
- Pathways to success in your computer studies
- Paying for college
- Finding the right career

Attendees will also have the opportunity to hear from panels in breakout rooms on specific topics:

- * Women and their allies in Computer Studies
- * Under represented groups in the field- challenges & opportunities
- * Degrees & certificates -- Transfer preparation -- Career readiness
