Save, Learn and Transfer at Chabot College

(Hayward, CA) - Students can start reaching their goals at Chabot College this fall. With fall courses beginning August 20, Chabot College offers educational programs and experiences to help students succeed in their education and progress in the workplace.

Car buffs can turn their automobile affection into a career with Chabot's Associate of Science in Automotive Technology. In addition to a standard AS, Chabot offers an AS with an Emphasis in [BMW Manufacture Training](#), which offers a modified STEP curriculum and enhances a graduate's chance of obtaining a job at a BMW dealership. And, a recent article in [Automotive News](#) explained BMW of North America's commitment to investing and expanding its training of dealership service technicians and goal of boosting the number of BMW-trained technicians 60 percent by 2020.

Additionally, Chabot's [Registered Nursing](#) program was awarded a 2018 Strong Workforce Gold Star - the highest honor - by the California Community Colleges. Chabot's Associate of Arts in Nursing remains the only community college program that places students at the Children's Hospital in Oakland and has an agreement with California State University East Bay to count all courses completed at Chabot toward a student's bachelor's degree. Further, 73 percent of graduating students attain the regional living wage, 100 percent of graduates report securing a job closely related to their field of study and graduates have left Chabot fully prepared to take the National Council Licensure Examination (NCLEX-RN).

With over 130 associate degree or certificate programs, more than 120 late-start courses and online, on-campus, day and evening classes available, Chabot has what students need to save money, learn new skills, transfer to a university and work in their chosen career. Students wishing to transfer can take advantage of Chabot's [Transfer Admission Guarantee \(TAG\)](#), providing guaranteed admission to six University of California Schools (Davis, Irvine, Merced, Riverside, Santa Barbara and Santa Cruz) to students who satisfactorily complete all UC and campus-specific transfer admission requirements. Financial aid is also available to qualified students, and, with the California College Promise Grant, students meeting certain requirements are eligible to have their enrollment fees waived. Visit www.chabotcollege.edu/FinAid/ to learn more.

Register today at www.chabotcollege.edu. Students who need childcare can enroll their 3-5 year-old in Chabot College's Early Childhood Development Lab School, a high quality and developmentally appropriate preschool, giving parents the time needed to take classes without worrying about finding childcare for their little ones. Subsidies are available for families who qualify. Call (510) 723-6684 for more information.
