**INVITATION FOR BID NO. 14-03
NETWORK INFRASTRUCTURE EQUIPMENT,
CHABOT AND LAS POSITAS COLLEGES**

SECTION A – BACKGROUND AND REQUIREMENTS

As part of the Measure B Bond projects, Chabot-Las Positas Community College District (District) is constructing new buildings at the Las Positas and Chabot campuses. When these buildings are completed and ready for move-in, the buildings will be provisioned with new network switching equipment. In addition, aging Cisco equipment procured in past years is reaching its End-of-Support and must be replaced.

In this document, CLPCCD is requesting sealed pricing bids from properly authorized and qualified vendors who can provide the switch configurations listed.

The first requirement is that Bidders must submit bids complete for all equipment configurations listed herein. (See Section E - Specifications and Scope of Equipment to be provided).

Bids must be addressed and delivered to and inquiries concerning the purchasing process are to be directed to the person listed on the cover page of this Bid.

SECTION B – STANDARDS AND PURPOSE

The CLPCCD network has standardized on Cisco routers and switches. With the Measure B Bond funding, CLPCCD was able to upgrade the campuses to state-of-the-art switching equipment, beginning in 2005. The intent of the new equipment configurations, as described in this Bid is to provide additional network equipment and connectivity to new buildings on campus, when ready for use by the District. This bid also includes configurations for equipment to replace aging, or bandwidth-exceeded equipment.

The purpose of this bid is to establish a purchase agreement between CLPCCD and the selected vendor to purchase network equipment meeting the District Standards at competitive bid pricing. This bid is for network equipment and bundled manufacturer-provided support services only.

Bidders are encouraged to investigate and provide all possible government, educational, volume, product bundles, trade-in allowances, upgrade promotions and other discounts that could apply to this bid, so as to present the most favorable pricing to CLPCCD.

Quantities are segregated by equipment type and campus so bids can be assessed independently as well as collectively for budgetary purpose. Only one (1) bidder will be selected for award.

SECTION J - STANDARD PURCHASE ORDER TERMS AND CONDITIONS

Chabot-Las Positas Community College District Purchase Order Terms & Conditions For Purchase Order # _____

This Agreement is made by and between _____ (“Seller”) and the Chabot-Las Positas Community College District (District) as of _____, 2014 for the purchase of Network Infrastructure Equipment, Chabot and Las Positas Colleges, as follows:

1. **Entire Agreement:** The following terms and conditions, together with such terms as are set forth in this Purchase Order ("Order"), such plans, specifications or other documents as are incorporated by reference in the Purchase Order, and any amendments in any subsequent authorized writing from District, shall constitute the entire contract between the District and Seller and shall supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, of the parties. There are no warranties, representations or other agreements between the parties in connection with the subject matter hereof, except as specifically set forth herein. If performance specifications, technical product descriptions or other similar descriptive materials submitted by Seller in connection with the Order have been incorporated by reference in the Purchase Order these shall not be deemed to supersede any contrary requirements of District, but to the extent that such materials are not inconsistent with District's requirements, they shall constitute a part of the basis of this agreement.
2. **Payment:** Payment terms are as set forth in the Purchase Order. . If no terms are specified, the net amount shall be payable within 30 days after the later of (i) delivery and acceptance of goods or other performance conforming with the terms of this Order or (ii) invoicing. Except as otherwise provided in the Purchase Order the price includes all applicable Federal, State and local taxes and duties. All Federal, State and local taxes and duties shall be separately itemized on any invoices. Seller assigns to District all rights to refunds of sales and use taxes paid in connection with this Order and agrees to co-operate with District in the processing of any refund claims.
3. **Changes:** District may make changes to this Order, including drawings and specifications for specially manufactured goods and place of delivery, by giving written notice to Seller. If such changes affect the cost of or the time required for performance of this Order, an equitable adjustment in the price or date of delivery or both shall be made. No change by Seller is allowed without written approval of District. Any claim of Seller for an adjustment under this Article must be made in writing within thirty (30) days from the date of receipt by Seller of notification of such change. Nothing in this Article excuses Seller from delivering the goods and services described in this Order. Except as otherwise provided herein, no other supplement, modification, waiver or termination of this Agreement shall be binding unless executed in writing by the parties to be bound thereby.
4. **Time:** If delivery or completion dates cannot be met, Seller shall inform District immediately. Such notice shall not, however, constitute a change to the delivery or completion terms of this Order unless District modifies this Order in writing. If any item is not received or if any element of the work is not completed by the date specified, the District, at District's option and without prior

notice to Seller may either approve a revised date or may cancel this Order and may obtain such goods or work elsewhere and in either event the Seller shall be liable to the District for any resulting loss incurred by the District. Seller's sole remedy for a delay caused by District shall be an extension in the time for Seller's performance equal to the duration of District's delay. Seller shall not be liable for damages resulting from Seller's failure to deliver or complete, or for delays in delivery or completion occasioned by strikes, lock-outs, fires, war or acts of God. TIMING OF DELIVERY IS CRITICAL FOR THIS ORDER.

5. **Improper Performance:** In addition to other remedies provided by law, District reserves the right to reject any goods or to revoke any previous acceptance and to cancel all or any part of the Order if Seller fails to deliver all or any part of the goods or perform any of the work in accordance with the terms and conditions of this Order. Acceptance of any part of the Order shall not bind the District to accept any future shipments or work nor deprive it of the right to return goods already accepted. At District's option, all disputes arising in connection with this Order shall be resolved by arbitration in accordance with the rules of the American Arbitration Association, except that each party shall have the discovery rights established by the California Code of Civil Procedure.
6. **Cancellations:** The District may cancel this Order in whole or in part, for no cause, upon written or fax notice to the Seller, effective when sent, provided such notice is sent at least fourteen (14) days prior to the delivery date specified on the face of this Order.

In addition, the District may cancel this Order in whole or in part at any time for cause by written or fax notice to the Seller, effective when sent, in the event that Seller: (a) fails to comply with any term or condition of this Order including, but not limited to, delivery terms; or (b) appoints a receiver, liquidator or trustee in bankruptcy or other similar officer over any or all of its property or assets; or (c) files a voluntary petition in bankruptcy; or (d) has had filed against it an involuntary petition in bankruptcy which remains in effect for thirty (30) days; or (e) voluntarily ceases trading; or (f) merges with or is acquired by a third party; or (g) assigns any of its rights or obligations under the Order to a third party without the District's advance written consent.

Upon the occasion of any one of the aforesaid and in addition to any remedies, which the District may have in law or in equity, the District may also cancel this order or any outstanding deliveries hereunder by notifying Seller in writing of such cancellation. Seller shall thereupon transfer title and deliver to the District such work in progress or completed material as may be requested by the District. The District shall have no liability to Seller beyond payment of any balance owing for materials purchased hereunder and delivered to and accepted by the District prior to the Seller's receipt of the notice of termination, and for work in progress requested for delivery to the District.

7. **Rescheduling:** The District may without liability at least fourteen (14) days prior to the scheduled delivery date appearing on the Order defer delivery on any or every item under said Order by giving oral notice to the Seller (confirmed in writing within ten (10) working days) of any necessary rescheduling.
8. **Warranty:** The goods and services furnished shall be exactly as specified in the Order, and shall be free from all defects in design, workmanship and materials. The goods and services are subject to inspection and test by the District at any time and place. If the goods and services furnished are found to be defective, the District may reject them, or require Seller to correct them without charge, or require a reduction in price, which is equitable under the circumstances. If Seller

is unable or refuses to correct such items within a time deemed reasonable by the District, the District may terminate this Order in whole or in part. Seller bears all risks as to rejected goods and services. Seller shall reimburse the District for all transportation costs, other related costs incurred, and overpayments in respect of the neglected goods and services. These express warranties shall not be waived by reason of acceptance or payment by the District. This Order incorporates by reference all terms of the Uniform Commercial Code as adopted in the State of California providing any protection to the District, including but not limited to all warranty protection (express or implied) and all of the District's remedies under the UCC. All goods and work shall also be subject to any stricter warranties specified in the Data Sheet or in other materials incorporated by reference.

9. **Risk of Loss**: Unless the Order expressly states otherwise, all goods shall be shipped FOB the "Ship to" location designated in the Purchase Order. Risk of loss shall not pass to District until goods called for in this Order actually have been received and accepted by the District at the destination specified herein. Seller assumes full responsibility for packing, crating, marking, transportation and liability for loss and/or damage even if District has agreed to pay freight, express or other transportation charges.
10. **Electronic/Facsimile Transmission**: If this Order is transmitted by telecopier or by other means of electronic transmission, such transmission shall have the legal significance of a duly executed original delivered to the Seller, but only if the Transmit Terminal Identification on the Purchase Order correctly includes the notation "Chabot-Las Positas Community College District," "Chabot Community College," or "Las Positas Community College".
11. **Hold Harmless**: From and after the date of this Order, the Seller agrees to indemnify, defend and hold harmless the District from any and all claims, regardless of by whom such claim or claims may be asserted, for personal injury or property damage or otherwise that may result directly or indirectly from the use, possession or ownership of the goods or from the services provided by Seller pursuant to this Order.
12. **Assignment/Subcontracting**: Neither party shall have any right to assign this Order or any benefits arising from this Order without prior written consent of the other and, unless otherwise agreed upon in writing, the rights of any assignee shall be subject to all set-offs, counterclaims, and other comparable rights arising hereunder. Seller shall not, except in the case of raw materials (including castings, forgings, and rough welded structures) or standard commercial goods or except as otherwise agreed in writing by the District, delegate or subcontract the work on any item of material or service to be delivered or performed under this Order.
13. **Shipping, Packaging and Labeling**: All Material purchased hereunder must be packed and packaged to ensure its safe delivery in accordance with good commercial practice and where incorporated, the District's packaging specification. The Seller shall mark on all containers, handling and loading instructions, shipping information, part number, purchase order number and item number, quantity in box, shipment date, and names and addresses of the Seller and the District. An itemized packing list must accompany each shipment. Each packing slip shall include; this Order number, quantity, item description, order date, shipping date and delivery address, but shall not include pricing information.
14. **Notification of Hazardous Products**: The Seller hereby agrees to notify the District of any

inherent hazard related to any materials or goods being purchased herein that would expose the hazard during handling, transportation, storage, use, resale, disposal or scrap. Said notice shall be sent to the District's Director of Purchasing and shall specify the product name and part number, the nature of the hazard, proper precautions that must be undertaken by the District or others and any additional information that the District should reasonably expect to know to protect its interest.

All shipments of hazardous materials under this Order shall comply with current U.S. Department of Transportation (DOT) regulations as published in 49 CFR 100-199, and the labeling shall meet the current U. S. Occupational Safety and Health Administration (OSHA) regulations as published in 29 CFR 1910. 1200, for the transporting and labeling of hazardous materials. Material Safety Data Sheets (MSDS) shall be supplied with the first shipment of all hazardous materials, and these sheets shall be resubmitted if any changes or updates, as required, are made.

15. **Work On-Site:** The following additional conditions will apply if work is to be performed by the Seller at any of District's locations.

 - d. Seller agrees to comply fully with all provisions of all applicable workers' compensation insurance laws, and shall procure and maintain in full force and affect worker's compensation insurance covering its partners, employees and agents while said persons are performing services pursuant to this Agreement.
