

How to Change your Password for your Email on your iPhone/Ipad

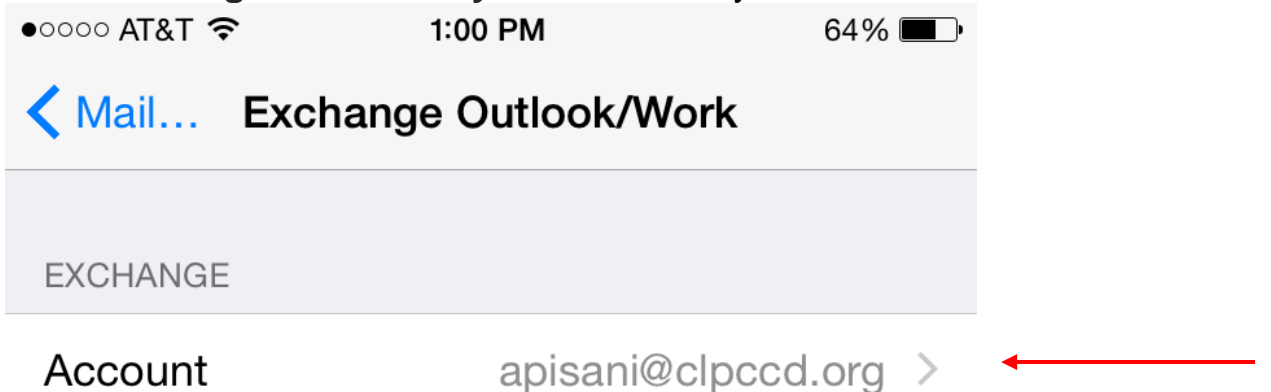

1. Go to Settings
2. Click on the “**greater-than symbol**” next to Mail, Contacts, Calendars

3. Click on the “**greater-than symbol**” next to your Exchange/Outlook Email Account

4. Click on the “**greater-than symbol**” next to your email address

5. Type in your new password in and click done.

The screenshot shows the 'Account' settings page on an iPhone. At the top, the status bar displays 'AT&T', '1:00 PM', and '64%' battery. The page title is 'Account'. There are three buttons at the top: 'Cancel' on the left, 'Account' in the center, and 'Done' on the right, which is circled in red. Below the title bar, there are several rows of settings, each with a label on the left and a value on the right:

- Email: apisani@clpccd.org
- Server: mail.clpccd.org
- Domain: clpccd
- Username: apisani
- Password: 12 black dots, with a red arrow pointing to the field from the right.
- Description: Exchange Outlook/Work

At the bottom, there is a section for 'Advanced Settings' with a right-pointing chevron icon.
