BACKGROUND INFORMATION -

Chabot-Las Positas Community College District has been contracting with Alameda County Social Services Agency, Children and Family Services providing pre-service training programs for many years. The State developed a uniform name and requirements for all State pre-service training programs beginning January 2017. The services requested for the 2023-24 school year remain essentially the same as the past several years.

Training classes were traditionally offered in person, which required childcare, food, and various learning materials. Because of Covid-19, most classes pivoted to Zoom. Now, caregivers have both online and in-person options and childcare will be reintroduced in 2023-24. CPR classes are required and have remained in-person.

The Resource Family Approval (RFA) classes inform and prepare potential foster and adoptive parents in making successful, permanent connections with foster youth. These classes are now required for resource families who were formerly known as adoptive parents, foster parents, kinship families and guardians. Classes are also available to respite providers and the general public who are interested in understanding the needs of children in out-of-home care, and are under the protection of the Department's Foster Care System.

The Alameda County Social Service Agency will recommend for approval to the Alameda County Board of Supervisors, the preliminary grant renewal amount of \$288,900 for the period of July 1, 2023 through June 30, 2024. The most recent renewal was in 2022, under Agenda Item 4.12 of the October 18, 2022 meeting agenda for \$279,040.

This equipment is outdoor weather resistant lighting equipment, making it possible to install in later spring and leave in play through summer and possibly fall for multiple event opportunities. The intention is for this space to be usable by multiple programs and courses such as theater, music, speech, dance, fire academy, veterans programs, and so on. With the lack of infrastructure currently, the Amphitheater continues to be an under-utilized educational space. This request was approved through the Las Positas College Instructional Equipment Request process, and after completing the bid process, Musson Theatrical was selected for the purchase.

Category	6. FACILITIES PLANNING AND DEVELOPMENT
Type	Action (Consent)
Preferred Date	Oct 17, 2023
Fiscal Impact	Yes
Budgeted	Yes
Budget Source	Measure A Funds

BACKGROUND INFORMATION -

As part of the accountability measures for the Measure A Bond Program, the management team for the programs has put into place a formal process for managing, tracking and presenting to the Board of Trustees all revisions to the Measure A individual project names, scopes and budgets. This process adheres to the accountability standards outlined by Proposition 39 and provides transparency in the evolution of the project list.

Additional criteria was added to the bond list revision process at the September 18, 2018, Board of Trustees meeting. These criteria identified an added layer of information and flagging to a bond list revision for those projects with substantive changes (a change to a single project in excess of \$5 million dollars, the cancellation of a project from the bond list, or the creation of a new project). In order to provide clarity for the Board of Trustees, the management team will identify bond list revisions containing “substantive changes” or “non-substantive changes in the agenda text.”

Measure A Bond List revision #14 contains substantive changes based on the criteria set forth above. The Bond List Revision is proposing the following changes:

This revision creates two new projects at Las Positas College, Project Number 563703 - Cultural Center with a budget of \$273,000, and Project Number 563934 – Exterior Signage with a budget of \$1,508,200.

Other changes to budgets are to address budget savings and projected budget shortfalls of a non-substantive level on smaller projects across campus, particularly in the Campus Safety area.

BACKGROUND INFORMATION -

In order for the District to remain eligible for Capital Outlay Project Funding, the District is required to submit an Annual Space Inventory Report to the California Community College Chancellor's Office before December 31, 2023. The report defines specific space usage at each college and the District Office. It is important that the District's inventory be accurate, up-to-date, and include all 100% owned or leased space utilized by the deadline. This information is critical in the State's determining the District's eligibility for Capital Outlay Funding. In addition, the space inventory is used to calculate the 2024-25 base apportionments for schedule maintenance and operations for the 2026-27 Capital Outlay Five-Year Plan.

Goals	BOARD PRIORITY #2: Expand opportunities that support workforce development.

BACKGROUND INFORMATION -

To continue work serving unemployed and under-employed persons in our area, the Tri-Valley Career Center (TVCC) has been awarded a Workforce Innovation and Opportunity Act (WIOA) grant in the amount of \$176,000, for program year 2023-2024 for the Adult and Dislocated Workers' Programs. WIOA funds improve workforce quality, reduce welfare dependency, and enhance the productivity and competitiveness of the nation.

Previous WIOA contracts have been with the Alameda County Workforce Development Board (ACWDB). However, the ACWDB has altered their funding to a single source Career Services Collaborative Lead, which is Ohlone College. Thus, TVCC will continue to subcontract the services through Ohlone College for this fiscal year. The services remain the same, with a new and welcomed emphasis of increased collaboration with Chabot and Las Positas Colleges.

TVCC will utilize WIOA funds to increase the employment, job retention and earnings of adult and dislocated workers, as well as increase their occupational skill attainment. TVCC works with the Colleges and community to serve local adults seeking career assistance.

The Board of Trustees has accepted similar funds for the TVCC, including item 7.2 on 10/3/17; item 7.9 on 8/21/18; item 7.1 on 9/17/2019; item 7.2 on 7/21/2020; item 7.8 on 7/20/2021 and item 7.1 on 8/16/2022.
