

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

June 28, 2011

Agenda Item: 6.4

Subject: Adoption of Resolution No. 13-1011—Authorization to Submit the Five-Year Construction Plan (2013-2017) to the California Community Colleges Chancellor’s Office and Request for State Funds for Capital Outlay Projects

Background: Each year the District Facilities Planning Department is responsible for conducting a review and update of the District’s Five-Year Construction Plan. The Five-Year Construction Plan is an annual summary of current and proposed capital outlay projects. The plan gives the State Chancellor’s Office a complete picture of the capital improvement needs and projects at the colleges, enabling the Chancellor’s Office to make informed decisions regarding project priorities for State Funding.

The 2013-2017 Five-Year Construction Plan includes twenty-four (24) projects. The following three (3) projects are being submitted as Initial Project Proposals (IPPs): Modernize Building 2100–Biological Sciences Project at Chabot College; Maintenance/Operations/Warehouse at Chabot College; and Public Services Building at Las Positas College. It is anticipated that funding for these projects will be considered for funding year 2014-2015.

The Final Project Proposals (FPPs) being submitted this year is for the Replace and Expand Academic Space Project at Las Positas College. It is anticipated that funding for these projects will be considered for funding year 2013-2014.

Recommended Action: That the Board of Trustees adopts Resolution No. 13-1011 authorizing the District’s submittal of the Five-Year Construction Plan (2013–2017) to the California Community Colleges Chancellor’s Office before September 1, 2011 and Request for State Funds for Capital Outlay Projects.
