Health Promotion Activities

Health promotion activities were predominantly accomplished by Director and staff of CSHC. In addition to the campus activities, the director is the medical advisor of Medical Assistant Program and Co-Chair of Health and Safety Committee.

The following is a summarization of the health and promotion activities for 2010-2011:

- New student orientation to CSHC facilities and services
- HIV Awareness and World AIDS Day
- Bone Marrow and Blood Drive
- Flu vaccine promotion
- Breast Cancer Awareness
- Great American Smoke out Campaign
- Handwashing Awareness
- Involvement in Health & Safety Meetings and Pandemic Planning
- Maintenance of health center/wellness website
- Blood Pressure, Diabetes and BMI Screenings
- HPV Vaccine promotions and STD screenings
- Class Presentations on health related issues
- TB screening for health science program and district employees
- Continue collaboration with the Counseling office, Campus safety and Office of Student Services regarding Crisis Intervention Response Team Committee and Emergency Preparedness

Number of visits per semester for school year 2010-2011
