

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

June 12, 2012

Agenda Item: 7.1

Subject: Adoption of Resolution No. 09-1112 – Authorization to Submit an Application to the U.S. Department of Labor to become an Occupational Safety & Health Administration Training Institute Education Center

Background: The U.S. Department of Labor’s Occupational Safety & Health Administration (OSHA) conducts short-term technical training in occupational safety and health topics through its OSHA Training Institute Education Centers, which are located throughout the United States. In 2007, Chabot-Las Positas Community College District was designated as one of 26 education centers in the United States, serving Region IX (California, Arizona, Nevada, Hawaii, Guam and the Pacific Protectorates). Since then, the CLPCCD OSHA Training Center has been providing health and safety courses in open enrollment classes at the Dublin Center and at the college campuses, as well as in partnership with other colleges and organizations located throughout the region. Additionally, the Center has provided OSHA trainings on-site at businesses, on a contract education basis.

All of the U.S. OSHA Training Institute Education Centers, including the Chabot- Las Positas Community College District’s OSHA Training Center, are required to reapply by June 15, 2012, to continue to serve as an Education Center. Once granted, the authorization would be for a five year period (2012-2017).

Recommended Action: That the Board of Trustees adopts Resolution No. 09-1112 authorizing the District’s submittal of an application to the U.S. Department of Labor to remain as an Occupational Safety & Health Administration Training Institute Education Center for the next five years (2012-2017).
