

CHABOT- LAS POSITAS COMMUNITY COLLGE DISTRICT

July 17, 2012

Agenda Item: 5.6

Subject: Approval to Renew Agreement - Tri-Valley Community Foundation (soon to be East Bay Youth and Family Initiatives), a project of Bay Area Community Services for Educational and Case Management Services, Las Positas College

Background: The Tri-Valley Community Foundation (TVCF soon to be BACS) would like to renew the Memorandum of Agreement with Las Positas College (LPC) to provide educational and case management services to eighteen (18) at-risk youths between 18 and 21 years of age. This grant was previously used to support the College Foundation Semester. The grant is now redirected to provide an introduction to Career and Technical Education (CTE) pathways and support for at risk youth. The program includes bi-monthly meetings to help students explore CTE options and provide support services such as learning assessments, counseling support, books/supplies support, career testing and case management to support student success.

TVCF (soon to be BACS) will provide funding of \$57,000 for LPC to provide CTE learning opportunities for the service period of July 1, 2012 through June 30, 2013.

Recommended Action: That the Board of Trustees approves the proposed agreement with Tri-Valley Community Foundation (soon to be BACS) to fund \$57,000 to provide educational and case management services for at-risk youths aged 18-21 years of age for the service period of July 1, 2012 through June 30, 2013, Las Positas College. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute the agreement on behalf of the District.
