

BP 5210 COMMUNICABLE DISEASE

Reference:

Education Code Section 76403

**NOTE:** *The language in red, underlined ink is legally required.*

The Chancellor shall establish procedures necessary to assure cooperation with local public health officials in measures necessary for the prevention and control of communicable diseases in students.

**NOTE:** *The following language in current CLPCCD Policy 2318 is recommended for deletion as it is too narrow in scope and is broadly addressed through current practices.*

❖ **From the current CLPCCD Policy 2318 titled Human Immunodeficiency Virus (HIV)**

~~In order to help prevent the transmission of HIV infection and to protect the rights of all students and employees in a safe, fair and nondiscriminatory environment for study and work, the Chabot-Las Positas Community College District shall provide an orientation and on-going educational program (including recommended protective measures—Universal Precautions). The rights of persons who are HIV positive will be protected. Guidelines to implement this policy are located in the Administrative Rules and Procedures.~~

Also see BP/AP 7330 titled Communicable Disease (related to employees)

---

**NOTE:** *The red ink signifies language that is legally required and recommended by the Policy and Procedure Service and its legal counsel. The language in black ink is from the current Chabot-Las Positas CCD Policy 2318 titled Human Immunodeficiency Virus (HIV) adopted on January 16, 1996 and revised on June 22, 1997. The language in green ink was added during the administrative review on June 4, 2013.*

**Date Adopted:**

*(This policy replaces current CLPCCD Policy 2318)*

## Legal Citation for BP 5210

### EDUCATION CODE SECTION 76403

**76403.** (a) Notwithstanding any other provision of law, the governing board of any community college district shall cooperate with the local health officer in measures necessary for the prevention and control of communicable diseases in students.

(b) A registered nurse, acting under the direction of a supervising physician and surgeon, may perform immunization techniques within the course of a school immunization program provided that the administration of an immunizing agent is upon the standing orders of a supervising physician and surgeon and in accordance with written regulations which the State Department of Health Services may adopt pursuant to Section 303.5 of the Health and Safety Code.

(c) While nothing in this section shall be construed to require the physical presence of the supervising physician and surgeon, the supervising physician and surgeon under whose direction the registered nurse is acting shall require the nurse to:

(1) Satisfactorily demonstrate competence in the administration of immunizing agents, including knowledge of all indications and contraindications for the administration of these agents, and in the recognition and treatment of any emergency reactions to agents which constitute a danger to the health or life of the person receiving the immunizations; and

(2) Possess medications and equipment required, in the medical judgment of the supervising physician and surgeon, to treat any emergency conditions and reactions caused by the immunizing agents and which constitute a danger to the health or life of the person receiving the immunization, and to demonstrate the ability to administer the medications and to utilize the equipment as necessary.
