

## CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

September 16, 2014

Agenda Item: 4.7

Subject: Approval of a Memorandum of Understanding – Career Pathway Trust Partnership Agreement with the Peralta Community College District, Chabot College

Background: This Memorandum of Understanding (MOU) outlines the California Career Pathways Trust (CCPT) grant objectives and activities specific to the CCPT partners. Chabot College is entering into an agreement with Peralta Community College District (PCCD) who is the lead agent for the grant. The agreement is part of a California Department of Education CCPT grant that PCCD received in July 1, 2014.

The I-80/880 CCPT application responded to regional economic priorities and the CCPT RFA mandate to build robust partnerships between employers, schools, and community colleges, in order to better prepare students for the 21st century workplace and improve student transition into postsecondary education, training, and employment. The I-80/880 Consortium's application proposed a collaboration between colleges, K12 school districts, and industry on deep pathway design that will identify relevant technical skills, course sequences, early career advising and matriculation, assessment, enhanced student support, career readiness training, and development of a regional system for linking employers to the classroom and student experience through a continuum of work-based learning opportunities. The priority pathways identified in the I-80/880 application include health sciences, advanced manufacturing/engineering, information & computer technologies, digital arts, and public service and law.

Funds pay for implementing CCPT activities that include direct support for pathway development and implementation, technical assistance and professional development to enhance pathway programming, assistance in the compliance with data sharing and evaluation to build a self-sustaining regional network for evaluation pathway programs, and support to help us build targeted support services and structures that enhance student achievement and their development of 21st century skills. Chabot College agrees to implement the strategies and solutions it has committed to as outlined in the agreement. Total funding for the three years is \$1,174,617 as follows: Year One (2014-15): \$587,308; Year Two (2015-16): \$411,116; Year Three (2016-17): \$176,193.

The effective date of this agreement is July 1, 2014 and remains effective until it terminates on June 30, 2018. Carryover of funds is allowed into the fourth project year.

Recommended Action: That the Board of Trustees approves the proposed MOU for the Career Pathway Trust Partnership Agreement with the Peralta Community College District, Chabot College, in the amount of \$1,174,617 for the period of July 1, 2014 through June 30, 2018.

Agenda Item: 4.7
