Nursing
Dental Hygiene
ECD Laboratory School

Program	Year	FTES	\$4,634.6 per FTES
Nursing	Fall 2013	73.24	\$682,306
	Spring 2014	73.98	
	Total	147.22	
Dental Hygiene	Fall 2013	29.19	\$280,681
	Spring 2014	31.38	
	Total	60.57	
Early Childhood	Fall 2013	116.56	\$1,644, 430
	Spring 2014	113.14	
	Total	229.70	

The ECD Lab School

- **Practicum experience is essential to a viable candidate for local jobs**
- **The lab school is a priority for ECD students' academic integrity**
- **Supports student success by providing wrap around services for all eligible Chabot students**

Benefits of the EDC Laboratory School

- **Permit for child development teacher is awarded by the California Commission on Teacher Credentialing.**
- **ECD 95 provides supervised hours and units for the permit.**
- **85 colleges statewide that offer ECD are CAPP aligned.**
- **ECD 63 and ECD 90 have a lab component and are aligned.**

Other benefits

- **Transfer rates**
- **Job placements**
- **Retention and completion rates**

Benefits to Non- ECD courses that use the ECD Lab School

- **NURS - Nursing program has a rotation for observation / healthy child body checks**
- **DENT - Dental Hygiene students provide dental education for children and parents**
- **SERV – Service Learning students volunteer hours for their class in Lab school**
- **Other courses e.g. Psychology, English, Journalism, Photography**
