

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

September 15, 2015

Agenda Item: 4.3

Subject: Approval of Memorandum of Understanding (MOU) – Bay Area Shared Regional ICT Lab Between Cabrillo College and Chabot College

Background: Chabot College and Cabrillo College wish to enter into a Memorandum of Understanding related to the implementation of a “Shared Information and Communications Technologies (ICT) Lab” project, which will create staff and provide a regional shared ICT lab facility used, initially, by 25 of the 28 Bay Region community colleges.

The Bay Area Shared Regional ICT Lab will initially use NETLAB+ a hardware and software system that allows students remote access to hands-on labs to develop essential skills needed by employers of the Information and Communications Technologies (ICT) workforce, from any Internet accessible location, 24 hours per day, 7 days per week.

This project is funded through the Grant-Sub Agreement between Cabrillo Community College District and Chabot-Las Positas Community College District, Chabot College; and funds related to this MOU are included in the amount of \$362,761 for the period January 1, 2015 through February 28, 2016. The project was approved by the Board of Trustees on August 18, 2015 under item 4.7. This MOU addresses the implementation plan between the Colleges and does not require additional funding.

Recommended Action: That the Board of Trustees approves the proposed Memorandum of Understanding (MOU) for the Bay Area Shared Regional ICT Lab between Cabrillo College and Chabot College for the period September 16, 2015 through June 30, 2016. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute this Memorandum of Understanding on behalf of the District.
