Order Form

Unless set forth in the Order Details above, the Term and invoicing under this Order Form commences on the earlier of the completion of Site Activation or the six (6) month anniversary of the later of the signatures below. "Site Activation" is defined in the Product Specific Terms attached hereto and is applicable to the following HealthStream platform products: (i) HealthStream Core; (ii) HealthStream Learning Center; (iii) HealthStream Competency Center; (iv) HealthStream Performance Center; and (v) SimManager Express. For existing HealthStream platform customers, the Term and invoicing will begin during the next billing cycle after the later of the two signatures below.

Product Specific Terms

HealthStream Core Foundations

HealthStream Core Foundations shall mean the essential cloud-based technology components that serve as the foundation for all of HealthStream's software products.

Provided with HealthStream Core Foundations are functional components that:

- Manage continuing education data for required reporting.
- Deliver SCORM and AICC compliant content and record related data.
- Ensure site security and accessibility.
- Maintain user demographics, certifications, and license information.
- Record user history and development activity.
- Monitor site performance and prevent failures.

Site Activation - Core

For purposes the HealthStream Core product, the "Site Activation" date occurs upon completion of the following items:

- Kick-Off call has occurred.
- HealthStream has built and configured Customer site.
- Customer has been granted administrator access to the configured Customer site.
- Customer has been provided the option to self-enroll, manually add students, or import

- students.
- Customer has been provided AICC files for purchased content (if Applicable).

Regulatory compliance requirements can vary across healthcare organizations. Provision of information on regulatory standards in these courses does not certify that the courses wholly or partially address all respective guidelines, standards, and measures that affect a given organization. The HealthStream Regulatory library is intended to provide a foundation for mandatory clinical and non-clinical training to healthcare employees, however it is the responsibility of each organization to review all regulatory courses to determine how the information meets their respective needs. HealthStream makes no representations or warranties that any particular course fulfills the regulatory compliance requirement of any particular healthcare organization, as it is the organization's responsibility to make such final determinations regarding regulatory compliance requirements. The availability of i) courseware listed above and (ii) continuing education is subject to change.

Core Reg's Rapid Regs Clinical 1 and 2, Hazard Communications, and HIPAA

Each course has a fee of \$3.50

Order Form

This Order Form and the use of the Service(s) ordered shall be governed in all cases by the Master Services Agreement (the "Agreement" or "MSA") between Customer and HealthStream, Inc. dated December 8, 2015. This Order Form shall constitute an amendment to the Agreement and shall be incorporated into the terms of the Agreement including all attachments and exhibits hereto and be binding on the parties. All courseware Service(s) will consist of those courses as listed for each Service on the online catalog available at <http://store.healthstream.com/> as updated from time to time.

This Order is intended by both parties to run for the full term set forth for each Service in the Order Details table above, and the parties acknowledge they are aware of the current expiration date of this Order Form and the provisions for renewal and termination set forth in the Agreement. In the event the Agreement is terminated or expires prior to the expiration of the full term set forth above for each Service, the term of each Service license shall also expire at that time and the Customer will not recover any fees paid in advance for the Product(s) for any part of the term or quantity for that Product or those Products that go unused, except as otherwise provided in Section 10.3 of the Agreement.
