

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

June 20, 2017

Agenda Item: 4.4

Subject: Approval of Curriculum and Disciplines List, Las Positas College

The following recommended curriculum changes were acted on in the Las Positas College Curriculum Committee and approved by the Academic Senate during the period of February 6th, 2017 to May 15th, 2017 and consist of:

| | |
|--|-----|
| New Programs | 3 |
| Revised Programs | 8 |
| New Courses | 32 |
| Revised Courses | 145 |
| All Requisites (including new and revised) | 121 |
| Distance Education | 18 |
| Course Deactivations | 80 |
| Program Deactivations | 5 |
| Corrections | 3 |

The course and program deactivations are a continuing part of the clean-up of the inventory of curriculum at LPC and the Catalog to accurately and fully reflect the courses that are now available to students. There were no students impacted by the course and program deactivations. The deactivations included 30 Colloquium courses, as well as other courses and programs that are no longer being offered. One of the deactivated programs was an AA degree being converted to an Associate Degree for Transfer (ADT).

The college also recommends approval of the Disciplines List per section § 53407 of Title 5 that the Curriculum Committee has developed. The list will be used to assign each College course to a Discipline(s) for the course outlines of record, and for appropriate hiring and course assignment.

Recommended Action: That the Board of Trustees approves the Curriculum Changes and the Disciplines List acted upon by Las Positas College for 2017-2018.
