Application for Sabbatical Leave  
Fall 2017

Charlene Wieser, Mathematics Department, Chabot College

**II. Purpose of Leave**

The purpose of my sabbatical leave is to take math courses at a local university to help me improve teaching my own math classes at Chabot. I would like to be able to bring related mathematical information and depth into my own classes. I may take classes in areas of math that I've never studied or only studied in a cursory way before. I plan to take either 6 graduate semester units or 12 upper division semester units or a combination of graduate and upper division units that satisfy the unit requirements of the Sabbatical Leave Committee.

**III. Specific Objectives and Methods for Achieving These Objectives.**

1. I plan to take either 6 graduate semester units or 12 upper division semester units or a combination of graduate and upper division units that satisfy the unit requirements of the Sabbatical Leave Committee. 100%
2. I will take these classes at a local university. At this time, I don't know what classes I'll take because the Fall 2017 schedules are not yet out.
3. To indicate that my objective has been met, I will submit a transcript or report card to the Sabbatical Leave Committee.
