

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

September 19, 2017

Agenda Item: 4.9

Subject: Approval of Agreement between Inter-Industry Conference on Auto Collision Repair (I-CAR) and Chabot-Las Positas Community College District, Las Positas College

Background: The Inter-Industry Conference on Auto Collision Repair (I-CAR) is a well-known international non-profit organization that offers education and training for the automotive collision repair industry. Las Positas College desires to enter into a partnership with I-CAR by offering classroom space for I-CAR to use for training industry professionals from local collision repair and body shops, in exchange for LPC's students and instructors receiving I-CAR's training and curriculum at no charge. LPC currently offers automotive technology courses that focus on mechanical and engine repair, while I-CAR's focus on body repair will add another dimension to LPC's course offerings. I-CAR partners with numerous schools and colleges in this way across the country. The initial agreement will be for one year and will involve instruction occurring one night per week during regular college semesters.

Recommended Action: That the Board of Trustees approves the proposed Agreement between Inter-Industry Conference on Auto Collision Repair (I-CAR) and Chabot-Las Positas Community College District, Las Positas College. It is further recommended that the Board authorizes the Vice Chancellor, Business Services, to execute the agreement on behalf of the District.
