1.6 PUBLIC COMMENTS

Mr. Greg Rees stated he is a constituent of Area 3 and a documented uncompensated senior member of the classified staff assigned to Chabot College. He stated for the good of the order the following:

COL Jackson while reviewing the Board minutes for 20 February and 06 March 2018 I observed your recording of articulated and detailed public comments from our staff and faculty.

And though I support my fellow employees and applaud their dedication and views. Their examples demonstrate once again, your practice of censorship and selective enforcement of our Constitution and the Brown Act.

COL Jackson, you have censored all of my public comments. And as a result of your censorship, you have continuously violated by rights and your discrimination occurred under the color of authority.

COL Jackson, your violation of my rights and discrimination towards me includes but not limited to your intentional violation of the Americans with Disabilities Act. Your continued violations of my ADA protection, has been conducted with malice and forethought.

COL Jackson your violation of my rights and discrimination towards me includes direct participation by Mr. Legaspi, Mr. Fong, Mr. Betts and your combined confidential staff. Your staffs violations of my rights and discrimination towards me occurred while under the color of authority.

COL Jackson, for the good of the order I declare the following: corrupted administrators and corrupted members of the SEIU 1021 Chapter Team created false slanderous and demeaning profiles of me, my wife Sandi and Mr. Gregory Correa from SEIU 1021.

These false profiles describe me, my wife Sandi and Mr. Correa, as harmful and physical threats to District staff and facilities. These false profiles were intentionally created to discredit us while casting undo dispersion and fear within and among our college community. At no time have we been a threat to anyone's safety and security.

COL Jackson, you have perpetuated these false profiles to justify your creation of a personal protection detail, supervised by Mr. Sean Prather. Other than the false profiles the district and the SEIU Chapter Team created, you have no warrant, rational or justification for your protection detail and the subsequent expenses associated with such a luxury.

COL Jackson, in direct response to the use of your personal protection detail, I declare the following: while we were in attendance at the 15 August 2017 Board Meeting, a uniformed member of your protection detail followed my wife Sandi to the women's restroom.

While my wife was using the facility, your uniformed officer stood guard outside of the restroom door. After my wife exited the restroom, she was followed by your uniformed officer back to the Board room. I witnessed this entire incident. This can only be identified as a disrespectful demonstration by staff. Involving a Chabot College Alumni, first responder and highly decorated female veteran.

Mr. Gregory Correa, Faculty Chabot College, stated he is a victim of past corruption, and has been a victim of corruption that still exist. He stated being on the ESS committee he has learned a lot on what is going on at both schools; Chabot is very broken. He stated the feedback he received from Dr. Jackson's Listening Session; which he was not present at, did not go very well. He expressed it's more important to talk directly to the Board. He stated he is a "historical figure" here, been employed for 30 years; wished Mr. Betts was present as he always talks in facts and has nothing to hide. He stated he has been in lawsuits 22 of the 30 years he has been employed and won four law cases; Mr. Phil Wagner changed his workman's compensation. He stated he trusts some people, but there is a serious problem where he would like to see an investigation on what goes on between both schools, specifically our hiring practice. He expressed his colleagues' state there are problems at M&O. He stated he is driving an electric cart without heat, while his colleagues drive brand new ones and he feels discriminated against. He asked the Board to do an investigation, specifically the managers that are hassling his members.

Questions and Comments:

Trustee Maduli questioned the Fund Balance projected for 2017-18; did include the amount ending balance of both colleges? VC Legaspi answered yes, that includes all the ending balances for the entire District, including co-curricular, PERS/retirement, reserves and any designated amounts. Trustee Maduli also asked questions regarding the Annual FTES that was submitted; does the P1 report, differ from the FTES amounts that were set when the 2017-18 budget was developed, what was the goal in terms of FTES? VC Legaspi answered 17,400 was our projected for 2017-18 which was slightly above our projection. He also followed by stating what happens in the spring is usually lower in the fall.

VC Legaspi introduced Chabot Vice President, Mr. Ron Gerhard.

VP Gerhard addressed the Board stating his presentation will cover where Chabot stands as of February 28.

2017-18 Outlook and Challenges

- Projected surplus of approximately \$428,000, or .83% of budgeted expenditures
- Both revenues and expenditures are in alignment with expectations
- Plan to rebuild reserves
- Challenges/Opportunities
 - Part-time faculty budget
 - Projected deficit of 1.7 million, most offset by full-time faculty savings of \$1.1 million
 - Leveraging of grants, categorical programs, and other restricted funds
 - Reestablishing base expenditure budgets
 - Assessing College's resource allocation model to align with new shared governance structure

Plan to rebuild reserves

- On 10/24/17 plan presented to Board of Trustees that will rebuild reserves to approximately \$2.5 million, or 5% of budgeted expenditures within 5 years
- Plan calls for 2% of budgeted revenues to be set aside and surpluses to be set aside (.83% projected to be set aside in FY 2017-18)

VP Gerhard stated in their unrestricted general funds the salaries and benefits remain considerably high as a percentage of their overall budget; which has had a direct correlation due to some of the budget challenges they've experienced in most recent years.

Questions and Comments:

Trustee Maduli stated the ending balance was not addressed, which VP Gerhard stated the ending balance was a negative \$2.5M. He also stated the intent of the presentation was to give a snap shot where they are in the current fiscal year; and potentially have a conversation of the projected surplus as they materialize; that will be the first sum of money that will reduce the negative \$2.5M to 2.1m. The plan that has been put forward is the percentage of next year's budget towards that, as well as surpluses at the end of the fiscal year would go toward the negative balance as well. The goal with the five years is they anticipate going from a negative \$2.5M to a positive \$2.5M. Trustee Maduli asked if the negative \$2.5M is being taken care of by the Districts ending balance, which VC Legaspi stated the negative 2.5M is reflective in our ending balance; by the college making that amount up will increase our ending balance. Trustee Vecchiarelli asked how the college is going to try to control the funds for adjunct faculty and how is this going to hurt the courses, which VP Gerhard answered there is flexibility in the budget so there is minimal impact on the students in their ability to obtain their classes. Trustee Vecchiarelli stated he is not going to like this new funding formula model from the state. Trustee Gelles stated we need to live within our budget and find ways to repay the deficit.

Las Positas Vice President Ms. Diane Brady presented numbers they are projecting by Mid-March:

- Difficult to plan for 2018-19 with so much uncertainty on funding

CHANCELLOR REPORT

Chancellor Jackson stated. "In keeping with recognizing our staff", like Noell Adams at Chabot College, I am proud to announce that Jeannine Methe, our Chief Technology Officer was selected for the Chancellor's Office Excellence in Technology Leadership Award. She is not here as she is attending the statewide technology conference, but I would like to recognize here for her consistent high level of accomplishments over the past 16 years while at the same time holding a statewide leadership position, Chair of CA Community Colleges Banner Group (3CBG) since 2009, representing 35 community colleges". She stated this award is well deserved.

She reported on Monday, March 19, the 12 members of the Classified Leadership Institute for Professionals (CLIP), Cohort Number #2, attended the Board of Governors (BoG) meeting in Sacramento. The team was able to see the BoGs in action and the discussion was lively as the new base funding allocation model was on the agenda. She stated they also met with divisional staff and were given an overview of the System Office.

She reported on the new Funding Model for 2018-19 and the Online College, stating the state's Chief Executive Officers (CEOs) along with the Chief Business Officers (CBOs) have developed a combined article of recommendations that were presented to the Board of

Governors (BOG) on March 19th. She stated she attended this session along with the twelve members of CLIP Cohort #2. The Executive Director of the League, Larry Galizio, presented the CEO/CBO recommendations to the BOG and he stated that it was also shared with key legislators, the Department of Finance and the LAO's office. She stated she will not go over the recommendations in detail; but, will make it available with the minutes of this meeting.

She stated some of the key points include a "phased-in" approach to the implementation of the allocation of revenue which is referred to as the three "pots": 50%-funding based on FTES, 25% based on outcomes, and the remaining 25% based on socio-economic metrics in the region.

She reported the other item of focus at the CEO Summit, as well as at the BOG meeting, was the 115th Community College or the Online College. As a member of this workgroup, the CEOs outlined key principles that should help guide the discussion as we move forward with the Governors mandate. The aim is to incorporate the ongoing efforts currently underway with *Canvas*, the online course management software adopted by almost 99% of all the colleges, and the Online Education Initiative (OEI).

She reported for clarification at the last meeting, Chabot Student Senate President Zaheer Ebtikar indicated the language for Measure A did not support any money being spent at the District. She cited the Bond A language; which permits the acquisition, construction, reconstruction, rehabilitation or replacement of school facilities, these include administrative offices.

She stated she found that our 59 SERP positions were overtaken by South Orange CCD who also did a SERP which was just approved and they had 125 people take advantage of an early retirement, so, they too will be looking to fill positions. We are ahead of the game having begun the process last fall. She asked Vice Chancellor of Human Resources, Mr. Wyman Fong to provide an update to the Board on the current hiring status.

VC Fond reviewed the 101 available positions, categorizing them by SERP, Faculty and Additional Positions. He stated he is pleased to announce all the positions the colleges have asked for have been posed and are engaged with committees. Lastly, he noted Title 9 requires all committees need to be trained to follow all HR policies, procedures including state and federal rules, and this requirement has been accomplished.

Trustee Maduli noted the separation date for Vice Chancellor of Facilities and Bond is listed incorrectly, VC Fong acknowledged and stated it will be corrected.

Chancellor Jackson thanked VC Fong for his presentation.

Lastly, she thanked Mr. Todd Steffan for putting together a great Women's History month program recognizing women veterans.
