AP 4222 REMEDIAL COURSEWORK

Reference:

Title 5 Section 55035

Remedial coursework consists of ~~pre-collegiate non-degree-applicable~~ basic skills courses.

A student's need for remedial coursework shall be determined using appropriate assessment instruments, methods, or procedures.

No student shall receive more than 30 semester units for ~~remedial non-degree-applicable basic skills~~ coursework. A student who exhausts this unit limitation shall be referred to appropriate adult noncredit education services.

~~No student shall be required to enroll in remedial English or mathematics coursework that lengthens their time to complete a degree unless placement research, that includes consideration of high school grade point average and coursework, shows ~~that~~ those students are highly unlikely to succeed in transfer level coursework in English and mathematics. A student may be required to enroll in additional concurrent support, including additional language support for English as a Second Language students, during the same semester that they take a transfer-level English or mathematics course, but only if the Vice President of Academic Services determines the support will increase their likelihood of passing the transfer-level English or mathematics course. The Vice President of Academic Services shall minimize the impact on student financial aid and unit requirements ~~for~~ the degree by exploring embedded and low or noncredit support options.~~

~~Students who successfully complete remedial coursework, or who demonstrate skill levels which assure success in college-level courses, may request reinstatement to proceed with college-level coursework.~~

Students enrolled in one or more courses of English as a Second Language and students identified as having a learning disability are exempt from the limitations of this procedure.

~~Students who demonstrate significant, measurable progress toward development of skills appropriate to enrollment in college-level courses may be granted a waiver of the limitations of this procedure.~~

-Students who demonstrate significant, measurable progress toward development of skills appropriate to enrollment in college level courses may be granted a waiver of the limitations of this procedure.

The colleges' catalogs shall include a clear statement of the limited applicability of non-degree-applicable basic skills coursework toward fulfilling degree requirements and any exemptions that may apply to this limitation.

Approved: February 18, 2014

~~(This is a new procedure recommended by the Policy and Procedure Service)~~
