

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

December 15, 2020

Agenda Item: 4.1

Subject: Approval of Addendum to Grant Agreement between United Way Bay Area and Chabot-Las Positas Community College District, Chabot College

Background: The Chabot College SparkPoint Center has been awarded an additional \$50,000 grant from the United Way Bay Area to augment the original \$10,000 grant to continue increasing access of financial literacy and basic needs resources to students and community members in an effort to build a stronger community.

The Chabot College SparkPoint Center was established to provide a wide range of services from partner agencies to support participants' basic needs and achieve financial prosperity. Primary services revolve around promoting financial prosperity and include: income supports, such as access to public benefits and food assistance; education and workforce support, such as going back to school and job search assistance; and financial empowerment, such as budgeting, saving, financial coaching, credit repair, and debt consolidation. This grant addendum will continue the development of strong resources and partnerships, both on and off campus, to support these services.

The original grant approved at the October 20, 2020 meeting was for \$10,000. Additional funding for the project is in the amount of \$50,000 for the period November 1, 2020 through June 30, 2021, effective December 16, 2020

Recommended Action: That the Board of Trustees approves the proposed Addendum to Grant Agreement between United Way Bay Area and Chabot-Las Positas Community College District, Chabot College in the amount of \$50,000 for the period November 1, 2020 through June 30, 2021, effective December 16, 2020. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute the Addendum to grant agreement on behalf of the District.
