If you place an order for a product that was incorrectly priced, we will cancel your order and credit you for any charges. In the event that we inadvertently shipped an order based on a pricing error, we will issue a revised invoice to you for the correct price and contact you to obtain your authorization for the additional charge, or assist you with the return of the product, if payment was not already made. If payment was already made, HP will work with the agency to correct the invoice. If the pricing error results in an overcharge to you, HP will credit your account for the amount overcharged.
