Dear Mr. Letcher,

**Re: Chabot College
New Biology Annex Building 2100 Construction Project
DSA Project Inspector Services**

This proposal is a request for an extension of project inspector services for the New Biology Annex Building 2100 project. This extension is based on the newly projected construction schedule with a revised completion date based on discussions with Eric Barger (VANIR).

This cost is based on an estimated construction completion and this includes all DSA close-out work to 12-31-2021.

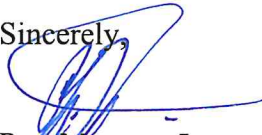

The hours for inspection services are 55 hours per month X 4 months= 220 hours.

The estimated inspection cost is \$95.00/hour X 220 hours = \$20,900.00

The NOT TO EXCEED amount is \$20,900.00

Please call me at (510) 363-9041 if any additional information is required.

Sincerely,

Roy Moreno, Jr.
Inspector of Record
