Agenda

- **Plan 1**

What is Redistricting?

Every 10 years, community college districts that elect boards by Trustee Area must redistrict (adjust Trustee Area boundaries to have equal total populations)

Federal and state laws apply

Each community college district must adopt new Trustee Area boundaries before March 1, 2022 (by law)

The new Trustee Areas will be used until Census 2030 data are released

Current Trustees complete their terms of office even if they no longer live in the Trustee Area they were elected to represent

CLPCCD's current Trustee Area populations are NOT balanced, so the boundaries need to be adjusted.

Using official redistricting data (U.S. Census data, adjusted by SWDB)

Plan 1

Trustee Area Boundaries

- Extensive use of school district boundaries to form the boundary between trustee areas
- When school district boundaries were not possible, we used highly identifiable geographic features, like Interstate 680, Interstate 580, Railroad tracks, major roads
- Trustee Areas 1, 2, 3, 6, and 7 similar to current plan
- Trustee Areas 4 and 5 use Interstate 680 as a dividing line

Each incumbent in a separate trustee area

Plan deviation is 6.4%
