**Responding to Requests for Access for Immigration Enforcement Activities**

District personnel shall provide guidance and offer to campus employees training addressing law enforcement access to campus buildings and on-campus and off-campus student residences. This guide shall include the following required topics:

- Instructions that law enforcement officers cannot enter living quarters to make arrests without a judicial warrant, valid consent, or exigent circumstances.
- Instructions that district personnel, including campus safety, cannot consent to the entry into a residence or dormitory for the purpose of a search or arrest, but a judicial warrant or exigent circumstances may authorize officer entry without consent.
- Campus safety contact information to report concerns about the presence of officers engaged in immigration enforcement on any campus property.
- Samples of warrant and subpoena documents that could be used for access onto campus property, or to seize or arrest students or other individuals on campus.
- Sample responses for employees to use in response to officers seeking access for immigration enforcement purposes that avoids classroom interruptions, and that preserves the peaceful conduct of the school's activities.

District personnel shall advise all students, faculty, classified professionals, and administrators to immediately notify the Office of the Chancellor or President, or his/her/their designee, if he/she/they is advised that an officer engaged in immigration enforcement is expected to enter, will enter, or has entered the campus for immigration enforcement purposes. Campus safety should also be notified as soon as possible.

No personnel may consent to entry of restricted and limited access areas of any district facility or any portions thereof.

**Public access areas** include areas open to the general public where entry is not restricted or limited. These spaces are freely accessible and may include outdoor and common-use areas. Examples include campus common areas, walkways, hallways in academic and administrative buildings, dining areas open to the public, unrestricted access buildings and streets.

**Restricted access areas** include areas that require a key card, locked doors, or monitored entryways for access and are protected to maintain safety and privacy. Examples include residence halls, locked classrooms, and administrative offices.

**Limited access areas** include spaces generally left unlocked during work hours but are not considered public due to their function. Access to these areas may require special permission or operational needs. Examples of limited access areas include faculty offices, classrooms, fields, locker rooms, kitchens, food preparation areas, maintenance areas, storage rooms, and other operational facilities.

District personnel shall advise all students, faculty, classified professionals, and administrators, responding to or having contact with an officer engaged in immigration enforcement executing an immigration order, to refer the entity or individual to the office of the Chancellor or President, or his/her/their designee, for purposes of verifying the legality of any warrant, court order, or subpoena.

If the officer declares that exigent circumstances exist and demands immediate access to the campus, district personnel should not refuse the officer's orders and immediately contact the Chancellor or President, his/her/their designee, or campus security.

The office or designee of the Chancellor or President's Office shall determine what type of authorization is being provided to support the officer's request for access:

- **A U.S. Immigrations and Customs Enforcement (ICE) "warrant."** Immediate compliance is not required. District personnel shall inform the officer that he/she/they cannot consent to any request without first consulting with the **Chancellor or President**. Provide copy of the warrant to the designated administrator (where possible, in consultation with legal counsel) as soon as possible.
- **A federal judicial warrant (search-and-seizure warrant or arrest warrant):** Prompt compliance with such a warrant is usually legally required, but where feasible, consult with the **Chancellor or President** before responding.
- **A subpoena for production of documents or other evidence:** Immediate compliance is not required. Inform the officer that the district cannot respond to the subpoena until after it has been reviewed by a designated administrator. Provide a copy of the subpoena to a designated administrator or legal counsel as soon as possible.
- **A notice to appear:** This document is not directed at the district. District personnel are under no obligation to deliver or facilitate service of this document to the person named in the document. If a copy of the document is received, it must be given to a designated administrator as soon as possible.

District personnel should not attempt to physically interfere with an officer, even if the officer appears to be acting without consent or exceeding the authorization given under a warrant or other document. If an officer enters the premises without consent, district

personnel shall make a record of the contact and forward the information to the Office of the President or Chancellor.

In making record of the contact with an immigration enforcement officer, district personnel shall provide the following information:

- Name of the officer, and, if available, the officer's credentials and contact information;
- Identity of all school personnel who communicated with the officer;
- Details of the officer's request;

- District personnel's response to the officer's request;
- Any further action taken by the immigration officer; and
- Photo or copy of any documents presented by the agent.

District personnel shall provide a copy of those notes, and associated documents collected from the officer, to the Chancellor or President.

In turn, the Chancellor shall submit a timely report to the district's governing board and the campus public safety office regarding the officer's requests and actions and the district's response(s).

District personnel shall permit a student who is subject to an immigration order to re-enroll if and when the student is able to return to the district, subject to and in compliance with its policy and will make reasonable and good-faith efforts to provide for a seamless transition in the student's re-enrollment and reacquisition of campus services and support.

The designated point of contact shall be available to assist any student, faculty, classified professional, or administrator who may be subject to an immigration order or inquiry, or who may face similar issues, and whose education or employment is at risk because of immigration enforcement actions.
