Chabot College to Break Ground on New Biology Building

(Hayward, CA) - Plans for the highly anticipated new biology building at Chabot College will be unveiled at a groundbreaking ceremony on Tuesday, May 15.

The new biology building, located in Chabot's parking lot C and adjacent to the existing biology building 2100, is a two-story, steel-framed 19,950 square foot building, and will include five teaching laboratories with adjacent prep rooms and a cadaver room, as well as a greenhouse and teaching support spaces.

The building is designed by Harley Ellis Devereaux (HED), with management by Vanir Construction Management, Inc. and construction by W. A. Thomas Co. Inc. Most of the building is expected to be finished by Fall 2019, with classes set to occupy the space beginning in January 2020. Once construction is complete, the building will be LEED certified Silver.

Who: Chabot College

What: A ground breaking ceremony for the new biology building

When: Tuesday, May 15 from 3-4 p.m.

Where: Chabot College, 25555 Hesperian Blvd., Hayward 94545
Behind Building 2100 (old parking lot C) **Closed-toe shoes only. This is an active construction site.*

The project has an estimated total construction cost of \$26.9 million and is funded by Measure B. This will be the final Measure B project for Chabot College.
