- Questions

Online Education Initiative

A key requirement of the OEI is to provide distance education in a uniform, easily navigated online environment with a full complement of support and tools for both students and faculty.

-OEI RFA

OEI Goals

- Increase the number of college associate degree graduates and transfers to four-year colleges

- Improve retention and success of students enrolled in online courses

- Increase the ability of our students to complete their educational goals.

OEI Partnership

- The OEI is sponsored by the Foothill-De Anza Community College District in partnership with the CCC Technology Center at Butte College as recipients of the grant distributed by the CCC Chancellor's Office.

CCMS Objectives

- Select the best Common Course Management System (CCMS) to meet the needs of our current and future students using a collaborative, faculty-driven process.

- The CCMS is envisioned to serve the needs of all students; those students online and in face-to-face classes.
